W. Beery, Noted Film Star Dies

'Lovable Rascal' Of Movies Victim Of Heart Attack

HOLLYWOOD, April 16.—(UPI)—Grazed Wallace Beery, who recently celebrated his 34th year as the "lovable old rascal" of Hollywood's rough and tumble movies, died at his home last night of a heart attack. He was 65.

For the last of many seizures suffered by the lusty character actor since he strangled his heart last summer cranking an outboard motor.

Had been under constant care of his doctor ever since, and for the past several weeks a private nurse had been at his home to make sure the once-active Beery lived quietly.

CONFINED TO HOUSE
"He has been confined to the house for the past two weeks," a nurse said. "We allowed him to do nothing strenuous. He couldn't even go out in the garden and putter around."

"He ate a fairly large dinner last night, and was resting. He was reading a book and seemed in very good spirits."

"Then suddenly he seemed to crumple before our very eyes. He collapsed to the floor and died immediately. There wasn't time to do a thing for him."

Present were his adopted daughter, Carol Ann, her mother, Mrs. Beery, Beery's three sons, and his wife, and his nephew, actor Noah Beery, Jr.

SUDDEN PASSING
They said the hard-boiled actor passed away suddenly.

"It all came so fast," they said.

Boy Trapped Under Sand

Eleven-year-old Melvin Clayton, 10753 92 street, narrowly escaped death yesterday when he was buried beneath two feet of sand.

Melvin and three other boys were playing in a large pile of sand at 91 street and 101 avenue.

George Chrysk, 10753 92 street; Eric Graham, 9500 102 avenue; and Bill Marshall, 10753 street dug the boy out from two feet of sand.

Melvin was rushed to the hospital suffering from shock 30 feet high and covers the area of nearly one city block.

Until Sept. 25

A few cities will keep daylight time even longer. To save electricity Toronto will keep it until Nov. 25 and Cornwall, Ont. until Nov. 25.

People in one province, Alberta, won't have it. They legislated it out of existence in 1946.

People in another province, British Columbia, must have it. It's a legal "must" for everyone.

Elsewhere in Canada, in most towns and cities and a few villages where have fallen into city ways, people will turn their clocks ahead an hour and leave them that way until Sept. 25.

Gas Well Burns Out Of Control

Thousands of Cubic Feet Is Burning Daily at Princess

PRINCESS, April 16.—(UPI)—Thousands of cubic feet of natural gas continue to belch forth hourly from the natural gas well at Princess, 20 miles northeast of Brooks.

Standard Princess No. 4 well has been burning since 11:30 p.m. last night and several attempts to extinguish the blazing gas and bring the well under control have so far failed.

H. L. Patten of Houston, Texas, owner and operator of the Patten Oil Well Fire Fighting Company arrived here yesterday morning from Houston.

EQUIPMENT FLOW IN
Three separate air flights from Calgary delivered the additional fire fighting equipment to the scene of the fire yesterday.

Patten made his first attempt at halting the raging inferno by attempting to cool the well-head pipes with water. The proposed method was to drop a tapered tool into the well.

However, this attempt failed. Gas continued to escape from the fire by steam also failed.

It is reported that since the well caught fire last Tuesday night, 10,000,000 cubic feet of gas a day have been consumed.

30 Warships Reach New York
NEW YORK, April 16.—(AP)—A fleet of 30 warships slipped into the harbor yesterday to give New York's biggest display of United States naval strength since October 1945.

The vessels put into port to give their crews Easter leave.

All Airlift Records Go
BERLIN, April 16.—(UPI)—Anglo-American planes smashed all airlift records today by flying 12,940 tons of food and coal into the city in a dramatic 24-hour display to Russia that its blockade has failed.

The four-engined aerial freighters landed in each of Western Berlin's three airfields at three-minute intervals from noon Friday to noon Saturday.

They topped the old airlift record of 11,000 tons set only five days ago, by more than 4,500 tons.

Allied and German officials have agreed to the use of the Berlin airlift to keep the city supplied.

The Russian licensed newspaper "Pravda" reported that the Berlin airlift is proving a failure.

WANT ADS WAY TO FIND LOST ARTICLES
If your Reader is being marred by the loss of some favorite tract or valuable belonging, why not place an ad. in the lost and found column of the Bulletin classified section?

ANOTHER \$6,620 TURNS UP
NEW YORK, April 16.—(UPI)—Remember Richard Crove crooked didn't put all his eggs in one basket?

His wife, Honora, was poking around a linen closet yesterday and came up with another chunk of the man's crook money.

She found \$6,620 in \$10 and \$5 bills wrapped in tissue paper, inside a dress box. She called

the family attorney, he picked up the loot. The FBI picked up the loot.

In all, Crove took \$85,000 from the bank where he worked as assistant manager on March 25. There was \$60,000 in bonds and \$25,000 in cash. All of the \$85,000 in cash is missing. Here is the box money on the other crove.

\$85,000 in bonds found hidden behind a book up section in the attic of his home.

Dies in Hospital By Bullet in Head

A 15-year-old South Side youth died in University Hospital yesterday, victim of a "sham" rifle battle with two playmates.

Roden Case, 11007 84 avenue, died, evening of injuries received at 2 p.m.

Described as an accidental shooting, the tragedy occurred a half-mile south of the city limits, near the Calgary trail.

Case, a 15-year-old home early yesterday morning with two companions also of the South Side, for a holiday of hunting and practice.

The boys were armed with 22 calibre rifles. Investigating RCMP were told by the two that they had fired of shooting at targets and a "sham" battle was begun. Shortly afterwards young Roden fell with a bullet in his head.

THREE FIRING AT ONCE
From which gun the fatal bullet was fired was not known, as the three youths were shooting simultaneously, the dead lad's brother, told the Bulletin yesterday.

Immediately after the shooting one boy ran for help, leaving his friend in watch the injured youth. From one farmhouse where there was no phone, the boy ran to the farm belonging to Ed Werner, 101 South Edmonton, where he found a West End cab which had just driven away.

The cab, driven by Hedley "Hank" Halstead, was held at the farmhouse while he, Ed Werner and Peter Whitte, a neighbor, were led by the boy to the scene of the shooting a quarter of a mile away.

Mrs. Werner said last night that the boy was crying and hysterical when she arrived at the scene. He said, "We have had an accident."

TAKEN TO HOSPITAL
"My friend is shot."

Roden was carried, still alive, along railroad tracks near the verber house and taken in the cab to the hospital. He died shortly after 6:30 p.m.

Roden, a grade eight pupil at University High School.

Mrs. Morrow-Tait Back and Still Broke

Mrs. Richard Morrow-Tait was back in Edmonton this week, nearly broke again, but still hoping to finish her round-the-world flight which began from her home in England last fall.

The aviator, whose biggest worry now—as it was here four months ago—was money, expects to retrace her steps to La, Alaska, where she crash landed her first aircraft.

FLYING TRAINER
She now is flying an old Vultee BT-13 trainer, which she picked up in Seattle a month ago.

With this ship, and her new navigator, Britisher Jack Ellis, she hopes to complete the 5,000-mile trip back to England.

"It's going to be tough to keep financing this thing, though," she admitted. "I don't know how we're going to pay gasoline."

She was thinking of the 50 cents a gallon she had to pay at Princeton, B.C., a few days ago on her way home from Vancouver. With automobile gas 70 cents a gallon along the Alaska Highway, Mrs. Morrow-Tait figures it's really going to be a tight squeeze to get to the end of the line.

And the rest of the cross-Canada, to Labrador, to Greenland, to Iceland, to England, ... it's going to cost more.

Man Charged With Leaving Wreck Scene

William Siddons, 11309 92 street, was charged by police with leaving the scene of an accident following an alleged collision with his car and a cyclist Thursday afternoon.

The cyclist, Sidney Hodson, 1137 92A street, was proceeding west along Kingsway in the same direction as Siddons, when it is believed that the latter struck Hodson, knocking him over.

A witness, Nicholas Markshay, 1722 92 street, told police that Siddons stopped his car, with one wheel resting on Hodson's leg, and fled the scene.

WORLD'S TINIEST COW is the title claimed for this pint-sized cut-cud-chewer by her owner, Roy Tower of Everett, Washington. Although full-grown, the midge cow stands only two feet high and weighs just 90 pounds. Some cattlemen think she's a cross between a normal bovine and a small dog.

It Happened TODAY

Great Britain

United States of America will receive British and American newspapers will face a crisis in the next 10 years from being too much newspaper. These exciting predictions were made by Britain's Minister Ernest Bevin in an exclusive interview to a London Daily Mail reporter. "The trend in the left will come about in the United States," declared Bevin.

Another Red organization has come under the ban in Britain. The Newspaper Man's Union has denounced the International Organization of Journalists as a "Communist propaganda platform." The British group will resign from the organization.

Four Roman Catholic educationists who were sacked for accusing Boston College of teaching lies, claim they have now received "most cordial and paternalistic" encouragement from the Pope. The four charged that Boston College taught there may be salvaged outside the Catholic church; man can be saved without admitting the Catholic authority of the Catholic Church and without submission to the supreme authority of the Pope.

Unemployment will end very soon in the Port Arthur district. Trade Minister Howe predicted today. He said there will be 2500 jobs available soon in pulpwood, building construction and railway construction work. Port Arthur has been a soft spot on the unemployment front in recent years.

Toronto police will not immediately push over the get-rich-quick pyramid clubs, even though the clubs have been declared illegal under the Criminal Code of Canada. "We may prosecute but there are certain things still under consideration," was Toronto morality police chief Albert Lee's description of the situation at the pyramid gambling clubs.

Talk is costing too much money in the United Nations General Assembly. Bitter debate over the Atlantic Pact, the Palestine situation and other matters is running costs up into millions over estimates. It was reported today. A committee is being set up to study the problem of how to get more done without so much costly talk.

It was arrested on charges of defaming the police and committing a public nuisance. It was the second time the police had tried such a charge. Last year a man went over the rail but he could not get on. He died.

Niles said he used a "quick action" chair which opened at 200 feet. "I passed on an 11th second," he said. "I was off half a second." Niles laughed. "I took the 12 seconds to hit the water."

Armed Services

Canada's formal entry into the North Atlantic Alliance was underlined in Ottawa with the recent visit of Lt.-Gen. George Reaven, top man in the French Army. Although no official statement on the visit of the French military leader has been made, it is believed he talked over Canada's military commitments under the security pact.

The Nation. Western oil and eastern iron will make Canada "one of the greatest industrial nations on earth." One of the greatest steel industries in the world seems almost a certainty and it may even surpass Pittsburgh. These predictions made by Agriculture Minister Gardiner in an address at Swift Current.

Canada's export less thirty than they were one year ago. Beer production in February amounted to 260,700 barrels compared to 407,200 barrels in the same month one year ago. Exports of beer on hand were up to 174,000 proof gallons compared to 15,000 at the end of February, 1948.

Canada's favorable balance of trade with the rest of the world was up in February. Exports of goods over imports during the month fell to \$1,500,000 from \$13,500,000 in January and \$21,000,000 in February of last year.

While the Red river still was rising at Winnipeg, city engineer W. J. Hume said he saw no cause for alarm. The Red's level now is 124.5 feet above datum. But last year, when it was 124.5 feet, it was 124.5 feet above datum. The river was 124.5 feet above datum. The river was 124.5 feet above datum.

The situation was not so encouraging in southern Manitoba. The Souris river still was rising at Melina, about 70 miles southeast of Brandon, and residents said there was a possibility Melina might be isolated from the rest of the province.

Priest Requested To Leave Pakistan. KARACHI, April 15.—(AP)—Rev. Constantine, a Roman Catholic priest in the town of Melpur in Pakistan, has been asked to leave Pakistan by April 28. Details of the action will be announced later by the East Bengal government, the province in which the priest is located. There was no indication of reasons for the order.

Floods Menace Drinking Water

Portage la Prairie Reports Situation Now Controlled

WINNIPEG, April 16.—(CP)—There now is no danger that the supply of drinking water for the 9,000 residents of Portage la Prairie, Man., will be cut off, chief engineer George Vollett said today.

Mr. Vollett said the level of the Assiniboine river at Portage la Prairie had dropped five inches since yesterday morning and workers at the pumping station, which is on the Assiniboine about three miles southwest of the city, had been able to clean the filters. It had been feared earlier that the ice-clogged river would prevent the cleaning.

Rise Rate Slows. The Red River stood at 37.5 feet at Pembina, N.D., last night, with the rate of rise slowing down. Observers said that although the water was at a high level, the stream was staying within its banks and causing little trouble.

The tributary Tongue River was down materially at the Pembina area. At Drayton, some water was pouring over Highway 21, but traffic still was moving. In the last 24 hours, the Red River at Grand Forks, N.D., has dropped nearly two feet to stand at 24.38 feet—2.1 feet below flood stage.

RED STILL GOING UP. While the Red river still was rising at Winnipeg, city engineer W. J. Hume said he saw no cause for alarm. The Red's level now is 124.5 feet above datum. But last year, when it was 124.5 feet, it was 124.5 feet above datum. The river was 124.5 feet above datum.

Wallace Beery Dies Suddenly

(Continued from Page 1)

He apparently felt he pain or fatigue. Beery's Hollywood career began 20 years ago when he started show business as an elephant trainer. But he liked to shoot interviews with the stars he entered the entertainment field as a piano player in a Kansas city beauty house.

As a young man he was a show boy and a railroad wiper in a restaurant. At the grey-haired, hard-boiled movie actor he made more than 200 pictures and kept the nation alternately cracking and weeping for almost four decades.

PLAYED EVERYTHING. Only Lionel Barrymore boasted a longer Hollywood career.

"I don't try to be different," Beery said once. "I'm just plain me in every picture. But I play everything from dirty old men to decent citizens. I keep shifting the deck and coming up with a different card and the public continues to accept."

For almost 20 years the rumbling star, whose admirers affectionately claimed he had a face "like an old squaw," was one of Hollywood's top salaried actors—and one of its shrewdest business men.

His death brought to a temporary halt the headline-making career of a salaried movie hit player that he was the father of her year-old son.

STATUE OF ST. ANN CEASES 'WEEPING'

SYRACUSE, N.Y., April 16.—(BUP)—Eleven-year-old Shirley Anne Martin today said she was "glad" her broken statue of St. Ann stopped "weeping."

The phenomenon ceased after a television demonstration Thursday. Shirley offered this explanation: "I think she's happy; that's why she doesn't cry any more."

The Rev. Robert E. Dillon, chancellor of the Syracuse Catholic diocese, said "it is certain that drops of liquid have appeared on the face of the statue when the young girl held it and kissed it."

FROM EAST. W. D. Laidlaw of Montreal, assistant general secretary of the Engineering Institute of Canada, will visit Edmonton Tuesday, April 19. He will confer with H. W. T. chairman, and other members of the executive of the local branch.

CKRD (RED DEER) WILL BE IN OPERATION ON OR ABOUT APRIL 30th 1949

The personnel of Alberta's new Radio Station CKRD Red Deer, will include six former employees of CICA.

CKRD is designed to serve the local needs of communities in Central Alberta. The Station will be in operation on or about April 30th at a frequency of 1230 kc. The Studio is housed in the new Foster Block and all the latest improvements in studio design and mechanical equipment have been incorporated into this new Station.

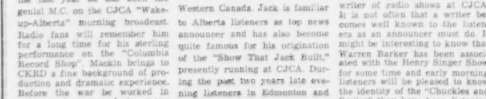

CKRD Red Deer will not only serve the Communities in Central Alberta but will spend many hours each week in the building up of local talent in these areas and broadcasting of events of interest from each City and Town.

Gordon S. Henry, President. A. H. Nicholl, Director. H. J. Yerxa, General Manager. The new Radio Station is headed by the President GORDON S. HENRY, former Manager of CICA. Mr. Henry is also well known in the City of Edmonton with his work in the War Finance, and is past President of the Rotary Club and the Edmonton Golf and Country Club. He brings to CKRD a wealth of business and radio experience.

John D. Mackin, Production Manager. JOHN D. MACKIN, Production Manager of CKRD Red Deer is well known as Chief Announcer, and brings to Alberta's newest Radio Station one of the finest all around radio voices in Western Canada. Jack is familiar to Alberta listeners as top news announcer and has also become quite famous for his organization of the "Show That Jack Built," presently running at CKRD. During the past two years late evening listeners in Edmonton and Northern Alberta have tuned in Jack O'Leary and his program "Just Banquets," a quiet period of organ and poetic readings. He served in the Canadian Army and spent his childhood in the staff at CKUA, Edmonton, moving to CKRD two years ago.

John O'Leary, Chief Announcer. WARREN BARKER will take over the position at CKRD Red Deer as Community Editor, and will also act in capacity of Special Announcer. Warren's contact with radio listeners to this point has been behind the scenes, as writer of radio shows at CICA. It is not often that a writer becomes well known to the listeners as an announcer must do. It might be interesting to know that Warren Barker has been associated with the Henry Singer Show for some time and early morning listeners will be pleased to know the identity of the "Chuckles and Smiles" they have been listening to these past months. Besides his fine writing ability Warren will introduce to listeners of Central Alberta an exceptionally fine deep radio voice, and we are sure will soon gain fame as an announcer as he has done behind the scenes as a writer of radio programs.

CKRD. 1230 On Your Dial. On or About April 30th.

Crosby Fantasy Looks Promising

One Of World's Great Stories Makes Finest Film Comedy

Take the story of one of the greatest humors of all time, add the best-loved actor and comedian on the screen today, and you have the new comedy that's playing now at the Capitol Theatre here.

It's Ring Crosby back again and better than ever in Mark Twain's story of a "Connecticut Yankee in King Arthur's Court."

A PERMANENT CLASSIC Paramount's impressive treatment of a Connecticut Yankee assures the place of the great Mark Twain story among the permanent classics of the screen.

Here you have all the charm of Yankee Crosby transported back to the days of gay blades and hand-sword knights of old and you'll see the Yankee in the middle of the fabulous trappings of the king's court in the sixth century, you've missed one of the real comedies of our time.

The picture was made in technical color with a musical score of five new songs and a cast including Ring Crosby, William Bendix, Virginia Field and Virginia Mayo.

In putting the story on film one more, Paramount began by looking closer to the original Twain text; it gave the production a new look and a completely new musical arrangement.

NEW TUNES The songwriting team of Burke and Van Heusen composed four songs for the picture, "If You Stab Your Toe on the Moon," sung by Crosby, "Once and for Always," sung by Bing and Rhonda Fleming, "When Is Someone," sung by Rhonda, and "Baby Doing Nothing."

Two Children Burned To Death

NICTAUX FALLS, N.S. April 16.—(CP)—Two children were burned to death yesterday in an early morning fire in this Annapolis Valley village.

Dead are John Leroy Burns, two years, nine months, and Nelson Churchill Burns, the one year nine months, sons of Mr. and Mrs. Leroy Burns.

The children died when their home was consumed in a fire of unknown origin. An inquest was ordered.

A neighbor tried to rescue the children but was forced back by flames.

2 Are Killed In Collision

MATTAWA, Ont., April 16.—(CP)—Two Ottawa persons were killed and two others critically injured when their station wagon and an automobile crashed head-on on the Ottawa highway.

Dead are Samuel Walker Smith, 31, and his wife, Margaret Elsie Smith, 40, both passengers in the car and on their way to Sudbury, Ont., to spend the Easter holidays with relatives.

Critically injured and in Mattawa hospital are Stewart Bennett, 20-year-old driver of the car and his 12-year-old brother John both of Ottawa. They were removed from the wreckage unconscious.

Rescue authorities said the two men were suffering from a determined head and chest injury but the face and body and bruised.

Driver of the truck Jacques Fyfe, 30, of Mattawa, was not injured.

This had been reported in the Vancouver press. "But those who know it, know this is not so," said Lewis.

The convention then voted to leave in closed session, four resolutions condemning the Atlantic pact were passed.

Candidates for athletic games in ancient Greece did not eat meat, but lived on new cheese and dried figs.

Movie Pioneers Holding Preview

The Canadian Motion Picture Pioneers, organized in 1940 will sponsor a special Sunday midnight preview at the Capitol theatre commencing at 12:15.

Feature attraction to be shown will be "Wake of the Red Witch" starring John Wayne, Gail Russell, and Gig Young.

Purpose of the organization was to bring together in a fraternal spirit the pioneer showmen of the Canadian motion picture industry and from time to time hold informal gatherings for the purpose of keeping alive the spirit of comradeship.

SWAP STORIES A meeting of the pioneers was called a "bridge-throwing" and in these annual, semi-annual and quarterly meetings, members swap stories of 20 years ago or longer.

Some remembered the early years of motion pictures in Canada, the men who operated store shows with admission prices five and ten cents for a 15-minute show on a stage subject.

Soon followed their first long picture with Mary Pickford, Norma Talmadge, Dorothy Gish, Lillian Gish, Pictures with Max March, Gloria Swanson, Wallace Beery, Tom Mix, William Hays as marquee names were proceeding in cinema fashion.

Pioneers remember the beginning of feature productions, the building of real motion picture theatres, and the evolution of the "flicker" film to one that did not flicker about was a steady production.

ROAD TO WINFIELD WILL BE GRAVELLED

WETASKIWIN, April 16.—Of special interest to Wetaskiwin and Winfield is the announcement made by J. A. Wingblade, M.L.A., that the department of public works has let a contract for the graveling of the Westeros-Winfield road, 23 miles to McKelvie Construction Company, Calgary at a cost of \$36,282.

Work will be commenced on this work as soon as road conditions permit. An all weather highway connecting up Winfield with Wetaskiwin has been sought for a considerable time and much dissatisfaction was expressed when the grade was made last year but was not gravelled.

The road will be gravelled to Norbuck Corner, where it will join up with the link between Breton and Rimbey which is to be gravelled by the government crew working out of Breton.

Completion of the Camrose Highway is also scheduled for an early start. The road was completed to Bittern Lake when winter halted operations.

Combined Choirs Present Cantata

CONSORT, April 16.—An event which added to the spirit of Easter in Consort and district was the presentation by the members of the choir, assisted by members of the choirs of Veteran and Coronation United Churches, of the cantata, "Olivet to Calvary" by J. H. Maunders in the Knox United Church, Sunday evening.

The cantata, which is an ambitious piece of music for even larger churches, was very well done and much appreciated by the large crowd which filled the church for its presentation.

The choir was under the able direction of Mr. G. M. Lambert of Consort, with Mr. R. H. Evans of Coronation as organist. This fine piece of music which also was presented in the Veteran United Church on Friday evening will again be repeated at the Coronation United Church on Easter Sunday.

Members of the choir are as follows: Mrs. K. Thullen, Mrs. J. MacDonald, Mrs. L. Sims, Miss A. M. Stewart, Miss Marina MacDonald, all of Veterans, Mrs. R. Butler, field, of Coronation; Miss Ellen Keira, Miss Margaret Fawcett, Miss Anne Fawcett, Miss Dolores Wilson, Mrs. P. Goetz, Mrs. C. Fawcett, Mrs. H. Kroeper, Mr. H. Pringle, Mr. P. Smith, Mr. R. Amett, Mr. H. Huthings, Mr. P. Kroeper, Mr. A. Dearth, Mr. M. Sullivan all of Consort and Mr. M. Baker, of Montreal.

Red Deer Ball Club Reorganizes for Year

RED DEER, April 16.—Red Deer Baseball Club reorganized for 1949 at an enthusiastic meeting held in the city hall Wednesday evening. About 50 fans were present and interest augurs well for the game this season. R. M. Beatty, the president, was the chairman.

The meeting probably set a record for Red Deer in history as all the business was transacted in less than half an hour.

The financial statement for last year presented by E. R. Wells, secretary-treasurer, showed a small credit balance. In addition to paying its way last summer, the club paid off \$942 in debts from the 1947 season.

INTEREST GROWING This showing was all the more remarkable because of the fact that the Red Deer club only won one game and got one tie during the 48 schedule of the Central Alberta League. It was an indication that baseball is coming back in these parts and that the fans were prepared to do their part by supporting the club.

President Beatty presented a twelve-man executive picked up by a nominating committee and as there were no further nominations from the floor the slate was elected. The new executive is: Alderman Paul Craven, Paul Brown, R. M. Beatty, Art Hoxley, Walter Neil-

Great Families Create Great Nations

EARLY in the 17th Century, Calvert, head of the famous Calvert family, distinguished English statesman and Secretary of State to King James I, founded pioneer New World colonies in Newfoundland and Maryland.

Calvert's descendants took a deep personal interest in the welfare of their settlers by fostering religious tolerance and democratic freedom and by their encouragement and active

participation in many educational and recreational pursuits which helped to unite these pioneer families into democratic communities.

The family is the corner-stone upon which great nations are built. Let each of us strive to promote within the great Canadian family the same concepts of freedom and tolerance pioneered by the Calvert family over three hundred years ago.

City Group Seeks Royal Commission

Battle to have the Yellowhead Highway widened to four lanes will continue. The city group is seeking a royal commission to look into the matter.

The present action shortly after the latter stages. It was for this reason that the present plan of widening the highway was adopted. There have been three previous attempts to widen the highway, but each time the plan was rejected. The city group is now seeking a royal commission to look into the matter.

Closing Season Leaves Memories

Interesting Problems Are Posed For Music Future

By Frances Gude

Edmonton's most active and satisfying musical seasons is drawing to a close.

It has not only been a season of many firsts, but it has been a season of many more opportunities than usual to hear the talent which is growing in this city.

It is this talent, it is hoped, which will be the backbone of the future of the city's musical life.

1949 FESTIVAL HAS FLOOD OF ENTRIES

Entries were received for the 1949 Edmonton and District Music Festival and there are far in excess of last year, reports Herbert G. Turner, festival secretary.

More than 500 entries had been received at the closing date.

Entries will be allowed to choose their own selections if numbers in the syllabus are out of print. Mr. Turner said. He cautioned choices must be of a high standard and an extra copy must be provided for the adjudicator.

Musical adjudicator will be Lawrence Cludworthy of Calgary. Mrs. Leona Patterson, also of Calgary, will judge the speech arts as she did last year.

Scottish Festival Plans Are Laid

Universally acclaimed as one of the leading festivals in the world, the Edinburgh International Festival of Music and Drama will be held in Edinburgh, Scotland, from August 20 to September 11, 1949.

It is under the patronage of Their Majesties the King and Queen.

Preliminary announcement of the event has been made.

This will be the third year the Festival Society has brought to the Scottish capital the world-famous music, opera, ballet, and drama presented by leading artists.

AN EGGLESS EASTER

THERE was no Easter egg in the Teenie Weenie village this year and the Dunce was the cause of it. The General was kind enough to say that it was due to the Dunce's lack of tact, but the rest of the Teenie Weenies said the Dunce was just plain, downright smart-alecky.

The Teenie Weenie Cook had arranged with the Boomer, a bustling, loud-cackling hen, to lay the annual Teenie Weenie Easter egg. The egg was to be called for on the morning before Easter, but on account of the Dunce, who wanted to go fishing, the egg detail, with Skippy, the chipmunk, hitched to the Teenie Weenie cart, arrived fully two hours ahead of the time set for the delivery of the egg.

The Boomer, who is a bit emotional at times, viewed the approaching egg collectors with fire in her eye. "MY TAIL FEATHERS!" she cackled. "You little runts must be in an awful hurry. I won't have your egg laid for hours. Clear out at once!"

"Well, shucks!" shouted the disappointed Dunce. "I want to go fishin' and I thought you might hurry up a bit."

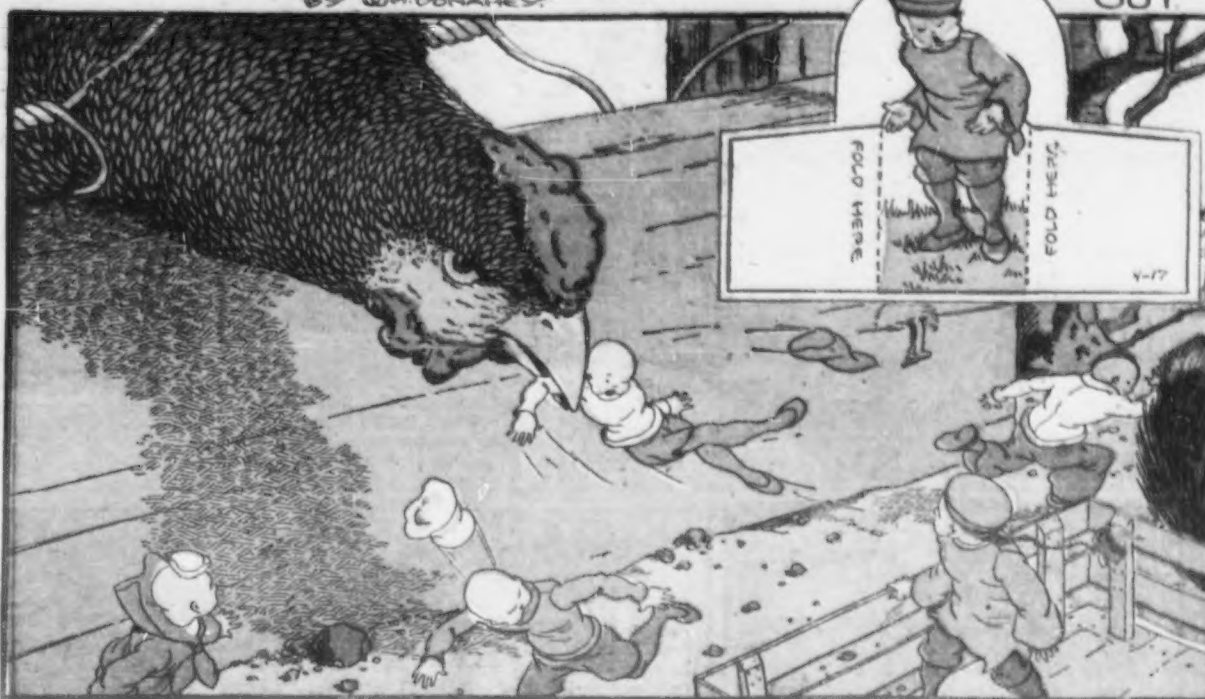

"HURRY!" screamed the Boomer, her comb turning a fiery red. "Do you think one can lay an egg like a machine? Egg layin' is a delicate matter."

The Cook saw that the hen was getting into a highly nervous state and that no egg laying would be possible in that condition. "All right," he told the Boomer. "We'll come back later."

"AH, SAY!" shouted the Dunce. "This old hen can lay an egg if she wants to. She's just ornery."

The TEENIE WEEENIES

BY W. DONAHUE

The Boomer burst into a torrent of angry cackles and her already fiery comb turned to a deep purple. She popped her head through the wire fence and glared at the Dunce with vengeance in her eye. Suddenly she grabbed the Dunce by the arm. Lifting him off the ground, she shook him so violently he spilled two BB shot and several clover seeds out of his pockets.

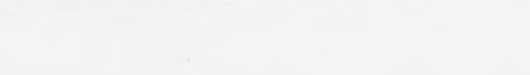

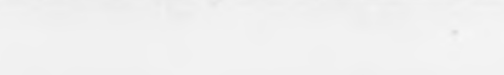

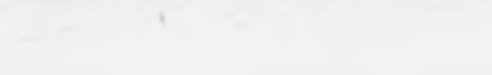

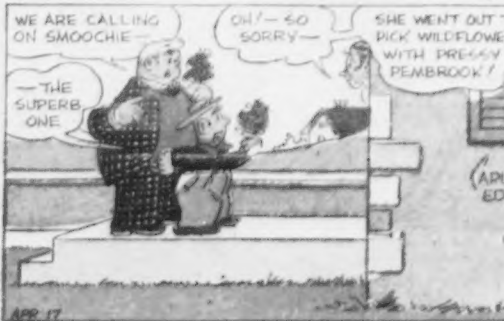

"Now clear out of here!" she screamed as she dropped the frightened Dunce. "You've got me into

such a state I won't be able to lay an egg for a week. GET OUT!"

"She plenty mads," whispered the Chinaman. "We all time better glo homes." The Teenie Weenies lost no time in getting away.

"Dunce," the General said, when he had heard of the encounter, "you shouldn't have talked back to that hen. You should have used a little tact."

"Well, she didn't use any tact first," argued the Dunce.
